## WORK EXPERIENCE (IN BRIEF)

### Head of Product

oDoc (Private) Limited

Colombo, Sri Lanka / Bengaluru, India

October 2018 – July 2019

- Conceptualized and decided which features to build on the oDoc app, designed the UI and UX for many aforementioned features.
- Instituted a user-centric design process where continuous user feedback was leveraged to understand and build for our target market(s). Data was gathered through weekly user interviews, usability testing, online surveys, etc.
- Developed the oDoc product roadmap and managed the product backlog based on overall business KPIs.
- Acted as the product owner in oDoc's agile development cycle, decided which tasks would be tackled each sprint, assigned priority to all features, issues, and tackling instances of technical debt incurred.
- Part of inaugural oDoc India team, helped set up oDoc's India operation, part of oDoc Techstars team (created demo day deck).

### Product & Operations Manager

oDoc (Private) Limited

Colombo, Sri Lanka

January 2018 – October 2018

- Developed, maintained, and led content creation and strategy for all oDoc websites, and certain automation projects.
- Serviced and sold to oDoc corporate clients, created content for corporate engagement and outreach, delivered educational presentations to subscribed corporates & handled corporate activations.
- Maintained relationships with doctors on the oDoc platform, and was part of the inbound and outbound customer care teams.

### Freelance Web Developer

Freelance / App Academy

New York / Colombo

April 2017 – January 2018

- Created a number of unique projects, including [Invoice](#), [Slipstream](#), and [GrabJS](#). Find more details on these projects [at my portfolio site](#).

### Disarmament Intern, Sri Lankan Permanent Mission to the United Nations

The United Nations, The Government of the Democratic Socialist Republic of Sri Lanka

New York, United States of America

September 2016 – April 2017

- Attended official meetings of the United Nations on behalf of Sri Lanka, primarily in the fields of Disarmament, and Economic and Social Issues (DISEC and ECOFIN).
- Created reports on the aforementioned meetings, which were sent back to the Sri Lankan government. These reports contributed to Sri Lanka's stance on included issues.
- Gained vital experience speaking and negotiating with prominent international figures.
